

# TRADE TECH CHALLENGE

**Rulebook**

# DESCRIPTION ABOUT THE GAME

Welcome to the **Trade Tech Challenge**, the ultimate trading simulation where **strategy, speed, and smart decisions** collide! Your mission? Use the **virtual money provided** to trade, take risks, and maximize your profits within the given timeframe.

This is your chance to prove your **financial instincts and analytical skills** under pressure.

Think fast, trade smart, and may the best trader win! 📈⚡

# TRADING CHALLENGE

- Each participant/team will be given equal virtual capital at the start.
- They must trade within the provided simulation platform.
- At the end of the round, the profit earned will determine the winner.
- Judges will evaluate based on profitability, risk management, and decision-making.

Time Limit: 30–45 mins

Evaluation: Net profit at the end of the round

# GAMEPLAY RULES

- Individual participation or **teams of 2** are allowed.
- All trades must be executed within the given platform.
- No use of external trading apps/websites.
- Once a trade is placed, it cannot be reversed.
- Judges' decisions will be **final and binding**.

# GENERAL RULES

- Bring your own laptop/phone if required.
- Organizers will provide the **trading setup/platform**.
- Respect judges, organizers, and fellow participants.
- Maintain **fair play and sportsmanship**.

## ELIMINATION CRITERIA

- Failure to participate within the time limit.
- Misconduct or violation of rules.
- Use of unfair means or external tools.
- Final elimination based on judges' discretion.
