BOT OR NOT

Rulebook

DESCRIPTION ABOUT THE GAME

BOT-NOT is a super fun and interactive game where you get to guess whether a creation is made by AI or a human! As you play,

you'll earn points and have a blast competing for the top spot, all while sharpening your observation and analytical skills. Come

join the fun and see how many you can get right

How the Game Works ?

You'll come across a statement or item, and your task is to guess if it was created by AI or a human. Have fun with it!

Our objective is to achieve the highest number of accurate responses possible. Your contributions are greatly appreciated.

Each round features 10 fun and thought-provoking questions that will get your brain working!

ROUND 1:

- The game begins with Round 1, where you'll face 10 exciting questions based on images.
- Each prompt will either be AI-generated or written by a human, and your task is to identify its source.
- You'll have 1 minutes to answer each question, so think fast!

ROUND 2:

- In Round 2, you'll encounter 10 questions featuring videos —some created by AI and others by humans.
- Your challenge is to correctly identify which is which within the 1 minute time limit. Stay sharp and trust your instincts!

GAMEPLAY RULES

TEAM STRUCTURE

- Teams of **2–4 members** are allowed.
- All work must be done **during the hackathon only**.
- Use of **open-source libraries/APIs** is permitted with proper credits.
- **Plagiarism, pre-built projects, or unfair means** will lead to disqualification.
